If you live in Montgomery County or Prince George's County, there are clinics and community health centers where you can get health care.

If you are not having a medical emergency, the best choice you can make is to go to a clinic or community health center. In general, you will pay less for care and you will not have to spend as much time in the waiting room.

You may also be eligible for referrals to specialty care. To get specialty care through Project Access, you must choose a primary care provider from this list.

Health Care for the Uninsured

You can see a primary care doctor for health care even if you have a low income and no health insurance.

Clinics for the uninsured can provide access to:

- » check-ups
- » specialty care
- » lab tests
- » prescription medicine
- » chronic disease management
- » vaccinations
- » cancer screenings
